Administrative history / Biographical sketch

Note

Since the initial donation by Margerie Lowry in 1961, multiple contributors have added to RBSC's collection of materials pertaining to the life and works of Malcolm Lowry. In most cases, the only materials from these donors and sellers held by RBSC is related to Malcolm Lowry. The Collection is also a landmark collection for UBC and receives a relatively high degree of interaction from scholars around the world and others. Given this, in 1985 RBSC collated materials, collections, and fonds pertaining to Malcolm Lowry under a single umbrella collection, which has evolved into the current Malcolm Lowry Manuscripts Collection. Organizing Lowry materials under a single umbrella collection allows for ease of search for researchers and greater intellectual control for RBSC over this key collection of records.

Custodial history

Materials in the Malcolm Lowry Manuscripts Collection came to RBSC from a variety of sources, predominantly friends and family of Malcolm Lowry and Lowry scholars. Custodial histories, where available, are provided at the sous-fonds level.

Scope and content

The Malcolm Lowry Manuscripts Collection includes textual records, photographs, and a variety of audio-visual materials organized into sous-fonds by creator. The Collection is predominantly textual records; the majority of materials are correspondence and manuscripts, many of which have been microfilmed.

The core of the Malcolm Lowry Manuscripts Collection is the Malcolm Lowry Papers, and the content of the Collection is consequently thematic. Materials pertaining to Malcolm Lowry's life and works were collected by RBSC from a variety of sources, including Lowry's friends and family.

As of the 2023 rearrangement of the Collection, the records are arranged in sous-fonds as follows:

- SF01 Malcolm Lowry Papers
- SF02 Margerie Lowry Papers
- SF03 Earle Birney Papers
- SF04 Harvey Burt Papers

Notes

Title notes

Arrangement

The Malcolm Lowry Manuscripts Collection has been arranged into sous-fonds by creator, each entitled with the creator's first and last name followed by the word "Papers". The sous-fonds are largely the same as the sub-collections and fonds included in the previous iteration of the Collection.

Previous arrangement and description of the Collection and its sous-fonds predated RAD; the arrangement and descriptions of the Malcolm Lowry Manuscripts Collection are now RAD compliant, and accruals not added to the previous finding aid have been integrated.

A re-arrangement of the Collection occurred at an unknown point after the initial deposit of materials in 1961, though no information about the nature or extent of the re-arrangement remains extant.

Restrictions on access

See Archivist for details.

Finding aids

Previous finding aid for the Collection, prepared by Judith O. Combs in 1973, and revised by Cynthia Sugars in 1985, is available. Note that the previous finding aid is no longer an accurate representation of the organization of the Collection, nor of its full extent.

Accruals

Acquisitions related to Lowry from 2001 to the present are linked through the Lowry subject access point. New acquisitions that fit the criteria may be added.

File / item list**Letters, Incoming**

Date: 1937-1957 (date of creation)

Scope and content:

Series consists of twenty years of incoming correspondence organized alphabetically by sender surname and, by sender, chronologically. Contents include: postcards, photographs, and handwritten and typewritten letters (originals, negatives, and copies). When included in the accession, envelopes are retained with the letters with which they came. The bulk of Lowry's incoming correspondence was composed between 1940 and 1954 while the Lowrys resided primarily in Dollarton.

Lowry corresponded with a wide range of family (his own and Margerie's), friends from across the Americas and western Europe, and professional contacts in the literary world. Albert Erskine, David Markson, Downie Kirk, and Harold Matson, for example, all kept up regular correspondence with Lowry for many years. Several files include only short correspondences pertaining to specific activities, generally publication of one of Lowry's poems or short stories, or the translating of his works into another language.

Manuscripts, Poetry

Scope and content:

Series consists of manuscripts and published collections of Lowry's poetry. Poems and books are filed individually, though some pages contain multiple poems or fragments of other poems. Individual poem files include handwritten and typewritten poems, often with additional notes and drafts in the margins. Series also contains sheet music by Lowry co-written with Bernhard Roenstrunk. Poems frequently have multiple titles, either draft version titles or titles offered by Margerie or Earle Birney. File titles correspond to Lowry's finalized title where possible; alternate titles are included in the file-level general notes.

Manuscripts, Prose

Scope and content:

Series consists of prose manuscripts, fiction and non-fiction, organized by work and, for each work, by draft, roughly chronologically. Drafts of *Under the Volcano*, *Lunar Caustic*, and *October Ferry to Gabriola* are part of this series. Manuscripts frequently span multiple files and include pencil drafts, typescripts, printer's copies, and galley proofs as well as notes, fragments, and notebooks pertaining to specific works (for other notebooks, see *Notebooks* series). Many files include annotations by Lowry and others. Works published after Lowry's death by Margerie were based on these manuscripts and notes.

Series also includes short stories by Lowry's first wife, Jan Gabriel, and friend of the Lowrys, Philippe "Phito" Thoby-Marcelin, the latter with corrections by the Lowrys.

Printed Materials, Works By Lowry

Date: 1925-1976 (date of creation)

Scope and content:

Series consists of published works by Lowry organized by publication date. Contents include: juvenilia, published primarily in the Leys Public School's journal, the Leys Fortnightly, poetry and short stories published in anthologies, and poetry and short stories published in magazines and journals, during Lowry's lifetime and posthumously. Posthumous publications were predominantly the result of submissions and requests made by Earle Birney and Margerie Lowry to various magazines and journals, though in many cases Lowry's work was sought out for publication in anthologies and collections of poetry and short stories, and for spotlight features about Lowry (see the Earle Birney Papers sous-fonds for correspondence about some posthumous publication of Lowry's writing).

Subfonds RBSC-ARC-1857-SF13: Photographs

Date: 1930-1982 (date of creation)

Scope and content:

Sous-fonds consists of over 1,000 photographs pertaining to Lowry. Many depict one or both of the Lowrys at Dollarton, their various residences in the USA, Europe, and Mexico, their friends, family, and literary agents and publishers.

Physical description: Multiple media

Arrangement:

This sous-fonds contains four groups of photographs. While connected to individual sous-fonds based on creator, it was determined that separating out photographs which had already been assigned RBSC identifiers was prudent. The BC numbers in the sous-fonds correspond to sous-fonds as follows: BC1614-(1-961) with the Malcolm Lowry Papers; BC1769-(1-7) with the Einar Neilson Papers; BC1770-(1-4) with the William Templeton Papers; and BC2113-(58-212) with the Harvey Burt Papers.

732 photographs were originally housed in three albums at the time of donation. Photographs were rehoused and moved to Photograph Boxes 1, 2, and 3. The empty albums are retained by RBSC. Descriptions of the albums' contents are included in the file-level description. The corresponding BC numbers for the album photographs are written on the pages of the albums where the photographs were originally located. Negatives held at the back of the albums have been moved to Photograph Box 4.

Several photographs are missing from the Malcolm Lowry Photographs series, some randomly scattered throughout and two large consecutive groups (BC1614-(348-399) and BC1614-(924-949)). The original finding aid only describes Lowry photographs up to BC1614-154, so no descriptions of the missing photographs are available.

Scope and content:

Series includes photographs of Lowry and Margerie at Dollarton, Bowen Island, Sicily, Mexico, Haiti, and England among other places. Friends and family, including Earle Birney, Priscilla Woolfan, and the Burts, also appear. Series also includes picture postcards, predominantly from Mexico and France, and tickets for museum exhibits and cultural heritage sites in Mexico. Some photographs have Margerie or Lowry's handwriting on the reverse; where titles of photographs are expository, the title is a direct transcription of Margerie's notes on the reverse of that photograph. 732 of the photographs are taken from three photograph albums; see file-level entries for descriptions of album contents. Also included are pages of scanned copies of the contents of the three photo albums mentioned in the Photographs sous-fonds level arrangement note.

Creator: Day, Douglas

Date: 1949-2007 (date of creation)

Scope and content:

The sous-fonds consists of four types of materials: correspondence, drafts of Day's biography of Malcolm Lowry, research materials collected during the writing of the biography, and published materials, mostly reviews of *Dark as the Grave Wherein My Friend is Laid* by Malcolm Lowry, published posthumously, and co-edited by Margerie Lowry and Douglas Day. Correspondence is primarily between Day and publishers, including Oxford University Press and Harold Matson Co., the lawyer Richard G. Green, and Margerie Lowry. Drafts of Day's biography include one typewritten, annotated draft of the first 42 pages and a handwritten draft of the first 47 pages on yellow legal pad paper. Research materials include typed reminiscences on Lowry by David Markson and James Stern, copies of letters sent to and by Lowry in 1950, and two copies of Margerie Lowry's will, one from 1965 and one from 1966. Published materials include several reviews of *Dark as the Grave*, edited by Day and Margerie Lowry, a short story by Lowry published posthumously in *Show*, a copy of *Time* magazine with an article on Lowry, newspaper clippings, a few biographical articles on Lowry, and a copy of Lowry's poem *Sestina in a Cantina*.

Subfonds RBSC-ARC-1857-SF16: Rudy Wurlitzer Papers

Creator: Wurlitzer, Rudolph

Date: 1937-1957 (date of creation)

Scope and content:

Sous-fonds contains typed copies of approximately 100 letters from Malcolm Lowry to various friends, editors, publishers, and translators of his works. Harold Matson, Albert Erskine, and David Markson are frequently recurring addressees. The only incoming letter to Lowry (also a typed copy) is from Arthur Lowry, Malcolm Lowry's father.

The sous-fonds also includes a typescript of a prose text of uncertain authorship which in part details Lowry's 1949 stay at a Vancouver hospital with a broken back and ribs. Excerpts of letters are also included in the prose account.

Physical description: 13.5 cm textual records

Arrangement:

Contents of the sous-fonds arrived at UBC Library RBSC in three black plastic binders. Two of the binders contained the correspondence now in files 01-01 to 03, and the third contained the entirety of the "What is the history of ideas?" typescript. The "Deletions to Letters of Malcolm Lowry" listing of Lowry letters was originally housed in the inside cover pocket of the "What is the history of ideas?" binder,
