

JOINT WORKING CONDITIONS COMMITTEE  
University of British Columbia  
Association of University and College  
Employees

January 30, 1975

Mr. Franz Conrads  
Superintendent of New Construction  
Physical Plant  
CAMPUS

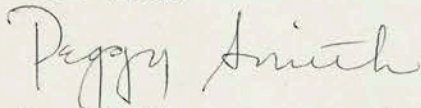

Dear Mr. Conrads:

RE: CIRCULATION COUNTER IN LAW LIBRARY

Staff working in the Law Library have brought to our attention the unsafe condition of the circulation counter in the new Law Library.

We have all been over to look at the desk and unanimously agree that something should be done immediately as it is potentially dangerous to anyone using the library. We would ask you to modify the points on this counter to end this dangerous situation.

Yours truly,

Peggy Smith  
for the  
JOINT WORKING CONDITIONS COMMITTEE
