

## WHAT'S NEW?

We are trying to keep our mailing lists up-to-date to prevent sending Newsletters and ballots to people who no longer work in an area and, more important, to ensure that new AUCE members and members who have transferred recently receive their union mail at the right place without delays.

Pat Hannah of Bio-Resource Engineering (5548) has agreed to keep the Division D mailing list up-to-date. Please phone or write her to let her know of people in your office who are new or of people who have left for other locations on or off campus.

In order to facilitate decision making and distribute the work load, the Executive Committee meets as a body to determine the course of action as issues arise. There are also regular meetings of Shop Stewards in order to keep Stewards informed of union activities and problems arising that they may have to deal with.

## WHAT'S OLD?

The reorganization of the Faculty of Education still threatens to change the job responsibilities of many AUCE workers without consulting them first. So far one grievance has arisen from the reorganization. If you or your co-workers are being moved to new work areas or have had your jobs changed without adequate consultation, please contact any Division D shop steward or Executive member or the Union Office. If you are interested in having another Division D meeting dealing with the Education reorganization as a follow-up to the meeting held this summer please contact Jet Blake (2565) or Yvonne Scotchman (5248) and we'll try to set up a meeting date that most people can attend. We would like to set up the meeting as soon as possible, before many more changes take place.

Preparation for the Math and Science Education Department grievance continues. The Union membership approved taking the grievance to arbitration. Hearings are scheduled for December 3, 4, and 5.

Why not

Committee?

## NEXT DIVISION D MEETING

NOV 25 1980

~~TUESDAY, NOVEMBER 18, 1980~~

SCARFE (Education Building) 205

12:30-1:30 p.m.

We will be having a special speaker at this meeting, Mr. Al Havick, Senior Regional Representative of P.S.A.C. (Public Service Alliance of Canada). Al was on the P.S.A.C. Negotiating Team for their new contract and will be telling us about their recent strike and about their union. Since P.S.A.C. has many similarities to A.U.C.E., this should be an interesting chance to compare successes and problems. We will be inviting A.U.C.E. members from other Divisions also, so come early and get a good seat!
