Dear Ms. Murphy,

It is with extreme regret that I must write this letter of resignation from my position as Trustee of A.U.C.E. #1 and also as Executive Representative of Division G.

I don't really want to get into all the ramifications of this action, however, I just want to state officially that I have asked at many previous executive meetings for consideration from fellow members in regard to the non-smoking rule.

I simply refuse any longer to be made to look like a fool or an unreasonable person.

I also refuse any longer to have to go home and take medication for a day (or two days) to overcome the allergic reactions I get to cigarette smoke.

Last evening I was already having a reaction to a series of tests I had undergone on the 19th. I was already feeling ill from this reaction and I'm afraid the treatment I received when I reminded people about the rule and the subsequent disregard for this rule confirmed my growing awareness that it will be impossible for me to play an active role in the executive of A.U.C.E. #1.

I would like to say that I have enjoyed very much making whatever contribution I have been able to make to the union over the past months and will continue to support the executive in any way that I can.

I would like to continue as Shop Steward until such time as the annual elections are called for this type of position, if this is agreeable to you.

Thank you, Emerald, for all the help you have given me in the past.

Sincerely,

J.C.H. Andersen
