Dinner will consist of a glass of juice and statements from:

- André Sobolewski, who at this time will have been fasting for thirty-one days for human rights in British Columbia
- Bill Black, UBC Law Professor, and member of the board, B.C. Civil Liberties Association

An update on the status of Human Rights consultations with the Provincial government will be presented.

It is a benefit for the B.C. Human Rights Coalition, and will be a visual media event. We expect that at least 60 people will participate in joining André as he drinks his usual sustenance.
