Note

The Canadian Fishing Company was established in 1905 in Vancouver to supply halibut to the New England Fish Company and other distributing companies. Canfisco began to can salmon in 1918 and this operation soon became its primary activity. In 1945 the Company became a major producer in the herring and pilchard industry through its acquisition of the Nootka-Banfield Company and its associated operations.

Scope and content

The fonds consists of plant insurance appraisals for canneries owned by the Canadian Fishing Company, including: Todd and Sons Company, Banfield Packing Company, Doty Fishing Company, New England Fish Company, Nootka Packing Company and Johnson Fishing and Packing Company. The fonds also contains maps and architectural/engineering plans from the Gulf of Georgia Cannery in Steveston B.C., which was owned by the Canadian Fishing Company.
