Fonds Description

Department of Visual and Performing Arts in Education fonds. – 1976-1990.

1.5 m of textual records.

Administrative History

The Department of Visual and Performing Arts in Education (VPAE) was established in 1980 as part of reorganization of the Faculty of Education into distinct departments. The Department combined the previously separate programs of Art Education and Music Education, and was given responsibility for teacher education in arts and music at the elementary and secondary school levels. This was done in close cooperation with the Department of Fine Arts and the Department (later the School) of Music. VPAE also sponsored a series of lectures for faculty and students by visiting education professionals, called the “Quarterly Quorum”. Its studio and performance courses were transferred to the Faculty of Arts in 1988. The Department was discontinued in 1994 as part of another reorganization of the Faculty of Education, when four departments, including VPAE, were merged into two new departments. During its existence, the Department was headed by Dr. J.A.S. MacDonald (1980-83), and Dr. Ronald MacGregor (1983-94).

Scope and Content

The fonds consists of correspondence, reports, minutes of meetings, and published materials such as programs and flyers, and documents the programs and activities of the Department. It is arranged in the following series: General Administration, Meetings (with sub-series: Department and Committees), Department Programs (with sub-series: Art Education (ARTE) and Music Education (MUED)), and “Quarterly Quorum”. The Art Education sub-series includes records which pre-date the establishment of the Department and document the Art Education program during the late 1970's.

Notes

Fonds consists of institutional records – access requests must be reviewed by the University's FOIPOP Coordinator.

File list available.

Title based on the contents of the fonds.

Two series (Meetings and "Quarterly Quorum") are maintained largely in the order in which they were originally acquired. The remainder of the fonds was acquired in a disorganized state and a new logical order was imposed.
