In 1887 Howay entered Dalhousie University in Halifax to study law. While in Halifax, Howay wrote articles on law, politics, temperance, and B.C. personalities, which were published in various B.C. papers. Howay graduated with his LL.B. in 1890 and was admitted to the B.C. bar in 1891. In 1907 he became Judge of County Court of New Westminster. ## INTRODUCTION

The original lantern slide collection donated by F.W. Howay to UBC was comprised of one hundred and seventy-one slides "...which Judge Howay used to illustrate lectures on British Columbia history...".<sup>1</sup> Between the time of its donation in 1951 and the present, the collection became separated into three parts. The Howay B.C. Historical Lantern Slide Collection now consists of two hundred and seven lantern slides and glass negatives<sup>2</sup> which are catalogued and stored as follows:

- 1) fifty-one of the slides and negatives have been catalogued individually into the B.C. Historical Photograph Collection [BC 1401/1-51]. Thirty-one of these images are nine-centimetre square glass negatives. In addition there is also one nine-centimetre by ten-centimetre glass negative. Seventeen of the images are contained on nine-centimetre square glass lantern slides. The final two images consist of eight-centimetre square lantern slides. The slides and negatives in this group are stored in the B.C. Historical Photograph Collection filing cabinets, bottom right-hand corner.
- 2) one hundred and twenty of the images are housed together and listed in the first part of the following inventory (pp.1-6). One hundred and four of these images are contained on eight-centimetre square lantern slides. Another fifteen images are contained on eight- by ten-centimetre glass lantern slides and are specially noted in the inventory. The final image is contained on a nine-centimetre square glass negative and this fact is noted as well. Housed together with this component of the Collection is a 1926 list of "Cariboo Slides" received by F.W. Howay from the B.C. Provincial Archives (this list is also included in this inventory as page ten). The slides and negative in this group are housed in two metal slide

boxes kept on top of the B.C. Historical Photograph Collection filing cabinets and are designated as BC 1514/1-120.

- 3) the remaining thirty-six slides are comprised of images of maps and have been catalogued separately into the UBC Historical Map Collection [Glass Plates 1-36]. An inventory of these thirty-six images can be found in the second part of the present work (pp.7-9). These lantern slides are housed in a metal slide box labelled "Glass Slides".

Frederick William Howay was born near London, Ontario on 25 November 1867. The Howay family moved to Clinton, B.C. in 1870 where they remained until 1874 when they moved to New Westminster, B.C. F.W. Howay taught school from 1884 until 1887. After this he spent three years at Dalhousie University in Halifax, N.S., where he trained as a lawyer. For the following sixteen years Howay practiced law in New Westminster. In 1907 upon the retirement of His Honour Judge Bole, he was appointed Judge of the County Court of New Westminster. From the late 1890s onward F.W. Howay studied and wrote on the subject of B.C. history. It was the celebration in New Westminster in 1908 of the centenary of Simon Fraser's descent of the Fraser River and of the fiftieth anniversary of the arrival of the Royal Engineers, that finally brought Judge Howay before the public as a speaker and writer on historical subjects. Within a few years he was becoming known as an authority and in 1914, in collaboration with the late E.O.S. Scholfield, he published a two-volume work on the history of British Columbia. Judge Howay finally retired on 30 November 1937. After his retirement he devoted himself to his literary and historical pursuits. F.W. Howay died in New Westminster, after a brief illness, on 4 October 1943, in his seventy-sixth year. For twenty-seven years - from 1915 until 1942 - he served as a member of the Senate of the University of British Columbia.
