Dear Dr. Wagner:

I was very greatly pleased to receive your Christmas card and to find that you remembered me on your return home after your western trip.

I am endeavouring to go to Ottawa and Montreal on Exhibition business but so far have not received the information that I require before my trip is authorized, but you may rest assured that if I get the opportunity to visit Montreal I will drop in to your office and pay my respects.

Yours very truly,

George McLenan
GENERAL MANAGER.
