

To: Peggy Smith  
AUCE Organizer

January 28, 1976

From: Jerry Andersen  
Division B Representative

Several Things:

1. Do you know if my motion to withhold the per capita tax must be brought up at the next membership meeting? The motion was tabled, but not referred. Does this mean I have to redo (make another notice of motion) to be sure that it gets put on the agenda? Perhaps a Trustee can rule as I've forgotten a lot of the rules. Is there a trustee now, if so, who is she/he?
2. For the next Executive meeting, I would like to have put on the agenda a report from a member of my shop (Mary Hudson [2882] - who will come to the meeting) on a request to help put some organizational input into a protest against the closing of the Women's Bureau in Victoria. A speaker for the February 12 Membership Meeting can probably be arranged. Could I please ask a favour of you, namely, that she be allowed to come and be put on the agenda relatively early? Thanks.
3. We are having problems in my Division with CUPE 116 and the question of job jurisdictions (layoff of lunchroom attendants and also Clerk 2 [Visual Aids ]) I would like this to be put on the agenda with a report from the Greivence Committee on the actions taken to date and their responses - if any , to CUPE's encroachment on our autonomy.
4. I would like to formally present a notice of motion:  
We authorise Francis Wasserline to investigate the various mailing services available and to report to the membership the costs involved in having our Newsletters, Agendas, Minutes etc. sent out by such a service.  
for the next general membership meeting.
5. I would like to work partime for the local (helping with the filing and putting the library into order). Is it possible to be remunerated for this work? If so, when should I start? *(refer to minutes??)*

See you next Tuesday,

*Jerry*
