1. Committee Membership

Rick McCarthy will replace Gary Poole as the KNOW representative.

2. Minutes of the meeting of May 30, 1985.

Adopted as circulated.

3. Meeting Dates and Times:

Agreed that the committee will meet on the third Wednesday of each month at 10:00 a.m. Meetings will not be convened unless business requires it. They will be at the call of the chair or the request of any member.

4. Infection Control Policy:

Biomedical Communications has implemented an infection control policy for their personnel. It is being reviewed by other centres. Fred Herzog will keep the committee posted.

5. Emergency Passes:

The Chairman asked for advice on what individuals, if any, in the IRC should have access to the building via an emergency pass during an emergency situation. Agreed that concerns were individuals working in the building after hours and providing emergency personnel with information about the nature of activities in the areas. The Chairman will take this up with the Director of Occupational Health and Safety.

6. Fire Exit - Basement:

Rick McCarthy will follow up with the Fire Marshall on exit sign over a locked door leading to the medical student lounge.

7. Fluorescent Lights

Biomedical Communications have installed some coloured lights at their expense. Apparently there are some concerns about their safety. The Chairman will follow up with the Director of Occupational Health and Safety, and Fred Herzog with a lighting expert.

8. Bicycle Traffic:

The Chairman will discuss with Traffic and Security possible danger posed by bicycle traffic between the A.C.U. and the I.R.C.

9. Broken Sidewalk

Jean Galbraith-Hamilton reported broken sidewalk between the I.R.C. and Medical Block A. The Chairman will follow up with Physical Plant.

10. Adjournment

The meeting was adjourned at 11:00 a.m.
