Dear Mary:

After our conversation the other day I did write a letter to Vice-President Connaghan requesting our participation on the President's Advisory Committee on Traffic and Parking.

In the meantime I came across a couple of articles in the collective agreement between AUCE Local 2 and Simon Fraser University that possibly relate to what you are doing. They are:

**Car Pools** The University shall assist the Union in its efforts to establish a car pool registration system and encourage employees to participate in car pools.

**Parking** Employees whose parking space is taken over for other purposes, shall be provided parking in the next nearest available parking lot at a rate not to exceed the previously paid rate. If the original parking space is returned to service, the original holder of that space shall have first option to regain parking rights.

Of course these particles, if you are interested, could be modified to suit your needs.

Yours truly,

Carole Cameron
