To Collectors of Customs and Excise, and others concerned:

MARKING OF IMPORTED GOODS

Referring to Supplements Nos. 9 and 10 to Memorandum Series D No. 1, the following regulations have been established with respect to the marking of the items named:—

2. Writing, Marking or Drawing Pencils of all kinds, Penholders of wood, and Fountain Pens.

REGULATIONS

- (a) Blind embossed or die-stamped indications of the country of origin on wooden or fibre lead pencils and penholders will only be accepted (1) on plain unpainted pencils and penholders without any other lettering thereon, when legible, (2) on plain painted pencils and penholders without lettering thereon, when the combination of colours used in the die-stamping and on the pencil or penholder does not result in an indistinct or illegible indication, and (3) on pencils and penholders with lettering or other printed matter thereon, when the indication appears on the pencil or penholder in the same coloured lettering as the other printed matter. The indication on pencils must not be within one inch of an end which is or may be pointed. (Superseding paragraphs 2 (a) and (b) page 5, Memorandum Series D No. 1).
- (b) Crayons or chalk, covered with wood, paper or other covering as a holder or for protection, are each required to be marked. Uncovered crayons or chalk may be marked on the first or immediate container.
- (c) Fountain pens, and pencils other than wooden or fibre lead pencils, may be marked with blind embossed or die-stamped indications of the country of origin in accordance with the general regulations, provided such marking otherwise complies with the requirements, particularly as to legibility, location, permanence and wording.

4. Rubber Gloves and Work Gloves of woven fabric.

REGULATION

- (a) Each glove must be marked. A woven or printed label attached to work gloves of woven fabric will be accepted as satisfactory, provided same otherwise complies with requirements, particularly as to legibility and location. Labels attached to the inside of work gloves or woven fabric will not be accepted as marked in a "conspicuous place" if they are located more than one inch from the edge of the wrist-band.

REGULATION

- (a) Combs included in travelling or other fitted cases must be marked.
20. Ladies' Purses, in the form of Handbags, not including bags made of beads, metal mesh or of a similar nature.

REGULATIONS

- (a) Ladies' purses, in the form of handbags, are required to be marked by means of die-stamping, either on the leather or on the metal frame, provided that the combination of colours used in the die-stamping and on the bag does not result in an indistinct or illegible indication, or by means of a woven or printed label sewn or otherwise strongly attached to the inside of the bag in a conspicuous position.
- (b) Bags made of beads (including wooden beads), metal mesh or of a similar nature do not require to be marked. This exemption only applies, however, to bags made entirely of these materials.
