We relate to our letter of 24 th May and regret verry much, that we remained till to-day without your assignment.

Please take cognizance of our being in liquidation. From this reason we are bound by the German Board of Devices to show the staying of the separate amounts.

Now we give you a last respite till 1. VIII. 1937, and if we don't get till this date your payment, we are very sorry to be forced to deliver the affair for official seizing.

Most respectfully

15th July 1937.

Montreal (Canada)

With reference to your letter of July 23rd we beg to inform you, that we learned from Mr. Schnellling in the meantime, that he cashed \$ 18,-- at you for agreement to our invoice of 8th October 1935=RM. 47,45

Concerning the further contents of your esteemed we regret very much, that we can't accept your proposition relative to our invoice of RM. 144,25. We are bound by the law, and therefore we can't grant you an allowance equivalent to the difference between registered and free marks.

Further we have taken notice of your expositions concerning our delivery of gold and silver inks, and to our regret, we must insist on payment for the inks. We are very astonished that after a so long time to here, that you can't use the inks, especially therefore, because you complained the delivery in the moment, as we reclaimed the payment.

Because we are in liquidation we are not able, to grant you a compensation or to draw back these inks, as we are forced by the government to collect the whole amount. Therefore we must insist of the assignment, and we beg to inform you, that we are obliged to give the matter to encashment official, if we don't receive your regulation to 1st November 1937.

Otherwise we will help you, that you can use the inks and therefore we beg you, to give attention to the following: It is necessary to take a hard dipping-roller, because only with the last it is possible to press the rollers so, that results a so small cover of ink, that an offset is impossible. Further it is to be regarded that the spirit, which evaporated must be repaired, and the mixture is well to move.

Please will you note, that the payment only is to be assigned direct to Germany at our adress.

Yours faithfully

Dr. Lövinsohn & Co,

Berlin W. 62.

Dear Sirs,

Accounting Department.

Your letter of 15 th. July received in which you claim from us an account.

The goods we ordered from you were principally sample lots to try out your inks. And the gold and silver inks we were not able to use as there is too much offset, for use on our aniline machine - so that they are still on hand unused.

There are two invoices on your statement. The first item was paid by us to Mr. Schnellling when he called at our office about January last - and we have receipt for same.

In your Correspondence with us - as you will find, if you will refer to your letters - you gave us to understand that payments could be made to you in registered marks instead of in Richmarks which would make a very considerable difference.

In view of the above. That is, that we have already paid part of the account to Mr. Schnellling, That the gold and silver cannot be used, and that registered Marks cannot be secured - we would suggest that to close the matter, now that your company is in liquidation - that we send you say \$ 20,-- in U.s. or canadian funds, and that you agree to accept same in full settlment. Kindly advise us if you want to accept same.

Yours truly
