Dear Brother Succamore:

As you are aware, AUCE Local 5 has won a victory in our fight to obtain a fair and just contract with our employer, the College of New Caledonia in Prince George.

In our struggle we were faced not only with a regressive employer, bound and determined to break the militancy in our union, but we were also blocked from exercising our right to strike by direct interference by the Provincial Government and indeed, the Minister of Labour.

Despite this interference we won our first strike. And we won with the aid of our brothers and sisters of C.A.I.M.A.W.

We thank C.A.I.M.A.A.W. for the support and solidarity given to our local throughout the dispute, and we wish you success in your upcoming National Convention.

In Solidarity,

Judy Attewell, President  
on behalf of the members of  
AUCE Local #5 affiliated to  
the Confederation of Canadian Unions
