Dear Sirs:

I was recently employed by the University of B.C. in the Faculty of Dentistry, Department of Oral Medicine (July 7, 1975) and would appreciate the following information:

- (a) Am I automatically a member of the union or do I have to pay an initiation fee of some sort?
- (b) How do I apply if I am not a member?
- (c) Do I have to wait till after my probation period (3 mos.) to apply to the union?
- (d) Am I eligible for a salary revision when the Union contract is revised in September or do I have to wait until my probation period is completed?

I would appreciate receiving the above information at your convenience and also a copy of the Union Contract for the 1974-1975 year and any other relevant information that would be of interest to me. Another querie I have in mind is overtime. I put in five and one-half hours of overtime one evening. Am I entitled to take the first two hours of it off at time and one-half and the remaining three and one-half hours off at double time? Or do I just take straight time off? Thank you for your help.

Yours truly,

Pauline Nishi
