

PRESS RELEASE

August 8, 1983

TO: The Media

FROM: UBC Campus Community Alliance

UBC groups are organising to form a campus wide coalition to fight the proposed provincial legislation. This group will be known as the UBC Campus Community Coalition.

The purpose of this organisation will be to co-ordinate actions to protest the budget.

We will be preparing to work with other organisations in their fight to have the budget defeated and the legislation withdrawn. We hope to meet with the University Administration to voice our concerns regarding this legislation.
