

association of university and college employees

June 30, 1981

Irene MacIntyre
Geological Sciences
CAMPUSMAIL

Dear Irene:

Enclosed please find a copy of the letter received today from Katherine Young with regard to the University's implementation of their proposals on Word Processing Operators and Computer Operators. Please note particularly her suggestion that the Union give the University not only its objections to the implementation but also its reasons for objecting to their action. Could you bring the suggestions of the Job Evaluation Committee, with respect to reasons of objection, to the Executive meeting on Monday, July 6, 1981? Thanks.

Also enclosed is a copy of a letter, unsigned, received today in the office regarding the Computer Operators and the University's actions.

Yours truly,

Carole Cameron
Union Organiser
AUCE Local 1
