

association of university and college employees

December 4, 1980

President Douglas Kenny
President's Office
Old Administration Building
CAMPUS MAIL

Dear President Kenny:

The Association of University and College Employees, Local 1, has been following, with interest, the efforts of the University of British Columbia Teaching Assistants, Local 2278 of the Canadian Union of Public Employees to gain a first collective agreement with the University of British Columbia.

In the spirit of good faith and continued labour relations peace at UBC we urge the University to make every effort to come to an agreement with the teaching assistants.

Should negotiations with the teaching assistants not result in a collective agreement and should they deem job action necessary, the Executive of our union, Tuesday, December 2, 1980 voted to declare any picket line set up by CUPE 2278 a bona fide picket line.

Yours truly,

Carole Cameron
Union Organiser
AUCE Local 1
