Dear Katy:

Enclosed please find a large proportion of the contract proposals we intend to recommend to our membership and subsequently to the University in negotiations. There will be some changes but they should be relatively minor ones.

I have made a note to myself to draft something on reclassification - I want to discuss this with several other people as well for their ideas.

We have a wage proposal too but it is in the very rough stages as yet.

Please feel free to make comments on the enclosed as well as to provide us with your suggestions regarding the reclassification procedure and any other issues you feel we should raise.

Thank you for your assistance in this regard.

Yours truly,

Carole Cameron  
Union Organiser  
AUCE Local 1
