

## AUCE Affiliation Committee

Recommendation on structure and responsibilities, from AUCE Provincial Executive

### I. Structure

Moved that the affiliation committee be composed of the Provincial Executive and one additional elected representative from each local, thereby providing each local with three voting members on the committee

Note: additional AUCE members may attend and participate in committee meetings as with all other AUCE meetings, but voting will occur as above

### II. Responsibilities

- 1) to proceed with meetings and discussions on the conditions for affiliation to the CLC with CLC representatives, and CLC affiliate union representatives (BCGEU, OTEU, CUPE)
- 2) to proceed with discussions and meetings with CCU representatives about conditions for affiliation with CCU
- 3) to report findings from discussions to the membership, and to attempt to generate a debate among AUCE members, by publishing and distributing a regular affiliation committee bulletin every two weeks. The bulletin will be printed at Provincial and distributed to local reps for distribution to local members
- 4) to organize a special AUCE convention for early 1980, at which AUCE members discuss and resolve the matter of affiliation

Note: this proposal assumes that the affiliation committee only has the authority to thoroughly discuss the options and conditions for affiliation with respective organizations, in order to put those options to the membership at convention.
