To Whom It May Concern:

The A.M.S. recently established a Committee to investigate all aspects of recycling on campus. At the moment, we are looking mainly at starting recycling programs in the student centres - S.U.B. and residences - but in the near future we hope to start something campus-wide. Any campus-wide project would, of necessity, involve many AUCE members taking some time to separate paper and put it in containers that we hope to provide. Therefore, we would like to know if you would support recycling on campus and in particular, any campus-wide recycling program this Committee might set up. Right now we are looking mostly for support in principle but later we will probably be asking for more active support.

If you have any questions, comments or suggestions, please feel free to contact one of the Committee members; I have included the phone numbers of those who can be reached at U.B.C.

Sincerely

Anne Gardner
