W.L. Clark
Assistant Director
Employee Relations Department
CAMPUS MAIL

Dear Mr. Clark:

At a union meeting, held at VGH recently, the AUCE members there expressed a number of concerns about parking. There appears to be a severe shortage of available parking places. I understand, from our members, that the Cancer Control Agency of B.C. has a parking lot immediately adjacent to their office at 2656 Heather Street. Would it be possible for the University, through the Faculty of Medicine, to work out an arrangement with the Agency to set aside a number of spaces for our members? Of course we realize these spaces would have a cost but it would help to alleviate an overall problem. We understand that such an arrangement is already happening with other departments at the hospital.

Thank you for looking into this matter for us.

Yours truly,

Carole Cameron
Union Organiser
AUCE Local 1
