Ralph Robson, Inspector
Occupational Environment Branch
Ministry of Labour
4946 Canada Way
Burnaby, B.C. V5G 4J6

Dear Mr. Robson:

We have been receiving complaints about the lighting in certain areas of the Main Library at UBC. Can you please inspect the following areas and advise if they meet the lighting requirements under the Factories Act, Occupational Environment Regulations -

- Reserve Book area, third level
- Circulation Division, rear of department as well as area where books are sorted for shelving, 3rd level
- Government Publications Division, 6th level

Some of these areas also have no windows and/or poor circulation of air.

Yours truly,

Carole Cameron
Union Organizer
AUCE Local 1
