Mr. L. Kemps,
c/o German Consulate,
Chaughnessey Bldg.,
Montreal, P.Q.

Dear Sir:-

The writer was in communication with the American Consulate in Toronto, making inquiries as to what procedure would be necessary in the case of returning Machinery to Germany, and they have referred us to your address for all information concerning returned goods.

When returning goods to the United States, it is necessary for us to have the shipper sign an affidavit stating that it is quite in order to return the goods and if the value of the shipment is over \$100.00, we must cover the shipment with a consular invoice.

Would you kindly advise us if the above papers are necessary on returned goods to Germany, also any other information and forms that are required.

Awaiting your kind reply,

Yours very truly,

BEARDMORE & COMPANY.
