

AUCE Communications Committee

Meeting of Monday, May 12th, 1975

PRESENT: Jack, Heather, Margot, Karen

1. Files have been set up. We are now awaiting approval of cabinet space in AUCE office. Members will bring in any backlog of materials which they have to be placed in the files.
2. Discussion revolved around content and direction of the newsletter. Areas of interest, other than specific AUCE business, included: trade unionism in B.C. and Canada, women's movement, abortion, wage demands, causes of recession, other unions on campus, etc.
3. It was agreed that we would bring our ideas in the form of concrete proposals for articles to the next full committee meeting.
4. The idea was reinforced that we should include relevant and politically-stimulating articles and concerns in the newspaper.
5. We will send a representative (on a rotating basis) to the contract committee meetings to report on their developments.
6. Jack, Heather and Louise Hamilton will be away on holidays till June.
