Faculty of Applied Science  
CAMPUS MAIL

Dear Sir:

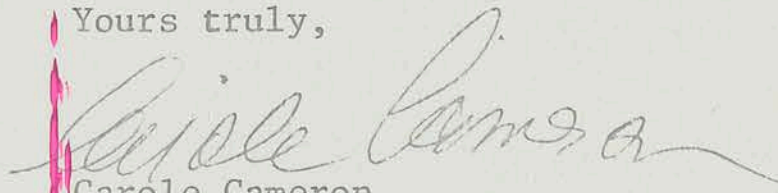

On behalf of the Executive of AUCE Local 1, the union on campus representing clerical and library workers, 93% of whom are women, we wish to express to you our disgust with the latest issue of the Engineering Undergraduate Society newsletter.

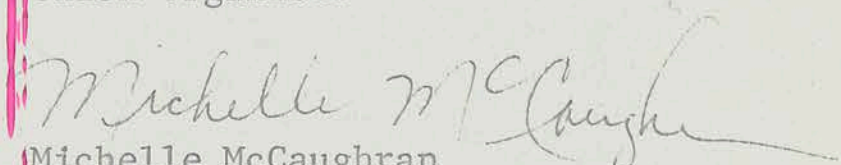

North American society would lead us to believe that great strides have been made towards equality of the sexes. Apparently, this has not permeated the minds of members of the Engineering Undergraduate Society. Their lack of consciousness does nothing to enhance opinion of engineers or the Faculty of Applied Science.

Although, directing this matter to you threatens some attention to the Engineering Undergraduate Society, to ignore such sexist material is worse.

We have come a long way baby, too far to tolerate this type of "boyish" nonsense.

Yours truly,

  
Carole Cameron  
Union Organiser
