Linda Locks

Dear Linda -

Hello. It was good to hear from you
of Union Ways. In response to your request
for information on the subject of equal pay
for women, I'm sending you a package of
literature dealing with women in the
Canadian work force and our struggle for
equal pay. A number of the xeroxes contain
references in their footnotes and bibliographies
that may also be of use to your research.

I've also included some leaflets pertaining
to the recent strike by AVUCE Local 2
against Simon Fraser University. The membership
of Local 2 is approximately 90% women.
They were on strike against the University for 7 weeks
and have only recently negotiated a settlement.
