Montreal, Canada.

Dear Sirs:

We are enclosing herewith two (2) Certificates of Origin in triplicate covering shipment on June 19th, 1939, from Halifax, Nova Scotia, to Hamburg, Germany, per SS "Hokkai Maru" of 60 drums and 110 drums of Dog Fish Body Oil.

We understand from the people to whom we sold this material that the Certificates of Origin must be certified by the German Consul, and we therefore will appreciate your taking care of this promptly and return to us by return mail inasmuch as the above named steamer is due in Hamburg very soon.

The German Consulate at Boston advised us that \$3.00 would take care of the charge on this, but if it is not sufficient, please advise and we will be glad to send you whatever additional amount is due you.

Very truly yours,
IRVING M. SOBIN CO., INC.
