Dear Friends:

We are interested in receiving a copy of your report to the TUC General Council to the 1979 Congress, Trade Union Congress on "Employment and Technology".

We represent 1,500 library and clerical workers at the University of British Columbia and we are just beginning to educate our members to how micro-electronics and automation will be affecting their work.

If there is any charge involved with sending us your report please advise. Thank you.

Fraternally,

Carole Cameron
