

Pam

I would like to go to this seminar. It is a bit expensive but we really need to do something about our newsletter and this seminar sounds like it could help.

I am working afterwards and can't be booked off for the whole night - but can probably be booked off until 6:00 (that means will only cost us for 6 hours instead of 7).

I am willing to go on my own time (ever)

will be bringing this up
+ the Aug. exec. mtg.

Let me know what you
think about it

Diana

Is this necessary? \$300 for
the course plus your wages,
when we will only publish
6 times a year? Anyway, bring
it up at the Exec, but I am
opposed to the expense.

Thanks - wonder why
they used an average of
50% of their allotment for
the past year, and the
minute we object, they
suddenly find that many
& more available !!
