Mr. Geoff Crampton  
Employee Relations  
Mary Bollert Hall  
UBC Campus

Dear Mr. Crampton,

As requested a Building Safety Committee has been established for the Woodward Instructional Resources Centre.

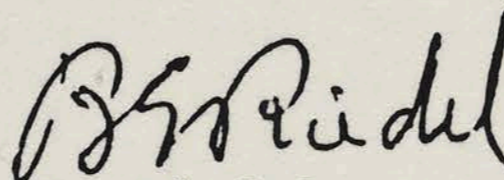

This Committee is representative of all the groups who inhabit the building and there is no need to establish a committee for each floor as intimated in your list. If I may, I would like to correct your list of the inhabitants of this building.

Basement	-	Biomedical Communications and Knowledge Network
Ground	-	Food Services
First	-	Continuing Education in the Health Sciences
Second	-	service floor only
Third	-	Deans and Directors of Health Science Faculties and Schools and Health Sciences Centre Hospital Administration
Fourth	-	Co-ordinator of Health Sciences

The Chairman of the Safety Committee is Mr. Paul Nerland. His telephone local is 5476.

I hope this meets your requirements.

Yours sincerely,

B. E. Riedel

Co-ordinator of Health Sciences
