Dear Barbara,

I have been instructed by the members of the executive of A.U.C.E. # 1 to thank you for the effort you have contributed to our union in the past and to also express our regret at your action of resignation.

Please note that we have discussed the problem you have raised and are exploring the the possibility of holding executive meetings from 7:30 - 9:30 or 8:00 - 10:00 P.M. We realize that this would not alleviate the personal problem of sharing the activities of your family, but perhaps might help other members who would be able to attend these later meetings.

Thank you again for your help and support.

Sincerely,

(Mr.) J. C. Andersen,  
for the executive, A.U.C.E. #1
