Canadian Advisory
Council

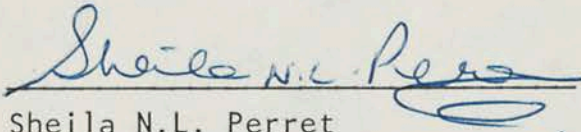

April 22, 1981

Dear :

Re: Lloyd Axworthy, Minister Responsible for the Status of Women & E.I.C.

Enclosed is a copy of the letter sent to us by Lloyd Axworthy in response to our letter of last month criticising him for his actions against the Canadian Advisory Council on the Status of Women and their efforts to run a conference on Women and the Constitution in February without interference from his office. You were sent a copy of our letter to Mr. Axworthy and we thought it would be worthwhile for you to have a copy of his reply for your files.

In Sisterhood,

Sheila N.L. Perret
