Dear Mr. Kenny:

On behalf of the Executive and the membership of AUCE Local #1, I would like to thank you for your strong opposition to the possibility of a reduction in the staffing complement of the University Detachment of the Royal Canadian Mounted Police.

Our bargaining unit is overwhelmingly composed of women, many of whom work on a shift basis. We too are very concerned that there be adequate local coverage at all hours. Any reduction from the present level of service would not be acceptable.

We thank you for the position you took in your October 15th letter to the Attorney General, Mr. Williams. We hope that you pass our mutual concerns to Mr. Williams and that you gain assurances "that the University Detachment will continue to provide us with the level of police service which we now enjoy."

Yours truly,  
  
Ray Galbraith  
Secretary-Treasurer
