INTRODUCTION

Carolyn Swayze, originally of Grimsby, Ontario, held many jobs before deciding to become a lawyer. While earning her degree in Victoria B.C., she had Tom Berger as one of her professors. She found the man so interesting that she believed "an account of his career would make a greater contribution to legal awareness than [she] might accomplish as a practising lawyer". Combining her knowledge of law with her talents as a writer, she launched into and completed her professional biography of Thomas R. Berger -- following his career as a young lawyer, increasingly involved with Native rights cases, to his C.C.F. and N.D.P. candidacy, through his appointment to the provincial bench, which required his abstention from matters political; Berger's commission work, his protesting the ambiguous Native Rights clause of the 1982 constitution, which cost him his seat; and finally, his Alaska commission and return to law practice -- before joining a law firm herself.

GUIDE TO THE INVENTORY

The bulk of the Carolyn Swayze Research Collection came pre-arranged in chapter files, an order which I have chosen to preserve. Research materials, letters, and drafts for or regarding Hard Choices, Ms. Swayze's biography of ex-B.C. Supreme Court Judge Tom Berger, are filed under the chapters to which they pertain. In addition to the chapter files are pre-publishing files of Ms. Swayze's correspondence, and post-publishing files of reviews. The whole of the collection records the development of Hard Choices from an idea to a finished work.
