Dear Lillian,

Thank you for your letter received May 25. We have a special file which contains records of members who have left the University's services. It dates back about two years. I regret to say that I neglected to check that file properly when I received an appointment notice for a position you had accepted.

Thank you for informing me of your status. Please accept my apologies for this misunderstanding.

Yours truly,

Wendy G. Lymer,
Secretary-Treasurer,
AUCE Local One
