International Conference
Working Women Education Fund
1224 Huron Road, 3rd Floor
Cleveland, Ohio 44115

Dear Friends:

Unfortunately we will be unable to have someone attend what sounds like a most interesting conference on October 28 and 29, 1982. However, we would very much like to receive the PROCEEDINGS of the INTERNATIONAL CONFERENCE ON OFFICE WORK AND NEW TECHNOLOGY which will be available in early 1983. I am enclosing the appropriate form.

I would draw your attention to two sources of information which would prove valuable to the Conference. First is a Canada Labour Board decision concerning the Telecommunications Workers Union in which a pregnant woman requested a transfer from the VDT terminal she was working on, was refused, severed her employment and was reinstated as a result of the hearing. The arbitrator was Joe Wyler and I am sure the Telecommunications Workers Union would be most willing to send you a copy.

Another source of information is a publication by the Ontario Public Service Employees Union entitled "THE HAZARDS OF VDT's".

Finally, there is an excellent publication by the National Union of Provincial Government Employees entitled MICROTECHNOLOGY. Their address is National Union of Provincial Government Employees, 204 - 2841 Riverside Drive, Ottawa, Ontario, K1V 2E1. I hope the Conference is most successful.

.. Fraternally,

Carole Cameron
