

3 months no cost to University
for preliminary study
to show if they can + where to

want to smeltom → cut 25-30%

fee - ? - % of savings to USC
by cut implemented.

Finance stop ^{early} cheque.
\$70,000 for 2 week
period
bad reputation
leaving mess behind.

↓
Is this to Gellatly (McBreers) advantage?

Marcel
local firm used R&A - who.

E. Stewart - not paid on commission basis

how were depts selected for review?

- ① Financial Services
- Physical Plant
- Bookstore
- Awards + Financial Aid
- Purchasing
- Food Services
- Space Planning.

Why was Univ
not officially
informed about fib.
Can we see
contract between R+H
+ MAC.

above depts listed in first letter (Feb 13/85)
Library not included. Why was it later
decided to include it.
"savings would have to cover consulting fees" - G.

#1 White
ATL-C10 - any info on R+H.

any info on what happened in Phys Plant re
monitoring individual performance related to
layoff-lack??

② of what use is it to do an indepth study of
branch libraries when most major areas
of concern (e.g. Circ., process. of materials, etc
flow out of main sources - circ. system
comes out of main fib., processing from
LPC etc. - if changes are made in those
areas then it will automatically "wave"
out to branches.
