Dear Sir:

We are in receipt of yours of the 7th inst., in which you make mention of a firm of German Manufacturers of clocks, who have written you saying that their agents have been informed by us that their application for space in the Canadian National Exhibition must be made through you, on behalf of the German Manufacturer.

We have searched our files and are unable to discover any correspondence upon this matter, and may say that it is by no means necessary to trouble you with the matter. The accredited agents of German Manufactures being perfectly acceptable as applicants in our Exhibition.

If you will be kind enough to forward us the name and address of the agents you mention, we shall be very pleased to write them direct, giving them complete information. We may say however, that all space allotments for this year are complete, and that anything that is done must apply to the 1928 Exhibition.

We are greatly obliged to you for your kind interest in this matter and for your information are pleased to say that we rent space to "Bona Fide" Manufacturers at a rate of 50¢ per square foot and to Manufacturers of food
