Dear Women:

I don't think our Local has, up to this time, been involved with the B.C. Federation of Women. However, it seems that it would be a good idea for us to be.

Please advise me what involvement we could have. I am also interested in participating, if possible, in your convention in Victoria on November on the 10, 11 and 12, 1979.

I will be attending and participating in the Women and Work conference at Langara on October 14, 1979.

Thanks for any information you can provide.

Fraternally,
