Consul General for Germany,
Keefe Building,
Montreal.

Dear Mr. Consul General:

10. 9. 25

Will you kindly let me know if you have any information on the subject of duties to be imposed by Germany upon flour coming from Canada. As you know, mention of these duties has been made in the press of this country for several weeks. They were supposed to come into effect in July, then in August, and finally in September.

Your kind attention to the above will be greatly appreciated by,

1. Sept.

Yours faithfully,

J. L. V. Mallette
