

association of university and college employees

February 25, 1983

Dr. Eric Jeffries  
Chairman, Division of Occupational and  
Environmental Health  
Department of Health Care and Epidemiology  
Faculty of Medicine  
U.B.C.

Dear Dr. Jeffries:

The Executive of A.U.C.E. Local 1 wishes to clarify its position on the VDT study you proposed. My letter of January 18, 1983 should in no way be interpreted to mean that the Executive supports your study and if that letter has led you to that assumption, we wish to immediately correct your understanding.

Before we could support any study involving our members, we would require that all questions and concerns be fully answered to our satisfaction. It is therefore premature to conclude that you have A.U.C.E. support.

Yours truly,

Nancy Wiggs  
President  
A.U.C.E. Local 1
