Dear Ms. Fitzpatrick:

I note that you severed your employment with the University effective June 30, 1980. You may therefore be unaware of the enclosed letter sent to a number of AUCE members that refused authorisation to the University to deduct a \$50.00 assessment to the Union.

The Executive of Local 1 discussed your case yesterday, since everyone else concerned in this matter now has paid this assessment to the Union. It is the position of the Executive that until such time as you do make restitution to the Union, we will have to recommend that your membership in this Union be refused. Membership in the Union is a condition of employment at UBC.

Yours truly,

Carole Cameron
