

Communications General.

The Prov. Exec. is set up in 2 facit ~~cross local~~ Communications w/in the union as a whole. The theory does not nec. translate into the fact however.

If suffic. & consistent info is not prov. to the Prov. (eg via <sup>responsible</sup> Prov. Reps.) then the whole conc. of cross local info doesn't exist. Some locals have not provided their comp. of Prov Reps & some <sup>provia.</sup> reps have not brought us the <sup>kind of</sup> cont for spec. info that the Prov. & other locals would need. It may be that the Prov. is not regarded as an imp. & viable meaningful extension of the locals. ~~was~~ If so, it seems a tragic waste of \$ & time.

We ~~do~~ do feel that the Prov is a viable entity & with more effective local part. the Prov can provide speedy concerted support anywhere it is needed by the locals.

One ~~attempt~~ <sup>vehicle</sup> ~~was~~ <sup>utilised</sup> ~~made~~ <sup>made</sup> to make speedy info  
avail was the concept of bulletins -  
(AUCE Pro. Dispatch)

Newsletters are too few & far between  
to provide imp. info. @ a few days notice.  
We hope that the new Pro. Exec. will  
continue the practice of making bulletins  
avail. on ~~an~~ imp. issues

As you will notice when we get 2<sup>th</sup>  
financ. portion of the agenda our telephone  
expenses have increased markedly  
- ~~mostly~~ the result of installing  
a second T. phone line. ~~and~~

~~increased~~ The line was considered  
essential to keep lines of comm. open  
between the Prov. <sup>the</sup> ~~the~~ <sup>localities</sup> 3 & 5 (out of town)

The per A further help was provided  
with the installation of a telephone  
comm. unit - for 6 mos we have had this  
service provided free

As far as locals affairs are concerned  
 the Pro S/T made every effort to  
 frequently attend local Q/M mtgs.  
 Unfortunately, it was not possible  
 to plan a second visit to local 5-  
 the first being the Shop Steu Senior.

Other Unions.

The Pro S/T communicated <sup>by</sup> ~~to~~  
~~levels~~ ~~to~~ other unions  
 various  
 For the most part this the steps dealt  
 w/ soliciting research materials for  
 the R/C. ~~to~~ The basis of other  
 steps was to plan the Student Emp  
 Conference & confer ~~regarding~~ to plan  
 participation in the <sup>TSDA</sup> protest rallies.
