Dear Sir,

We shall be obliged if you will kindly advise us on the following matter.

On the instructions of the United Silk Mills of Krefeld, Germany, we are returning 4 pieces of Facing Silk as per the enclosed invoice.

These were purchased some time ago and have been found unsuitable for the Canadian Trade and on reference to the Manufacturers, they have instructed us to return them to Krefeld, provided we waive any claim for duty paid on their entry into Canada.

We fully intend to purchase other lines of equivalent value to these returned and have already instructed their agent in Toronto to this effect.

Will you kindly inform us if the certificate is in order and if so, would feel obliged if you would add your affidavit and return the invoices to us, in order that there may be no hitch at Port of Entry in Germany,

Thanking you in anticipation,

Yours very truly,

[Signature]
