Dear Mr. Rose,

We were very pleased to hear that you are able to address our December membership meeting. Our members are faced with a very difficult decision, and we will need all the help we can get if this thing is to succeed. The meeting will be at 12:30 for two hours. If you can come at 11:00 we will arrange a lunch.

Enclosed for your information is a brief I prepared (already sent by telex), a copy of the draft of a report which will go to our members this week, a financial projection, and a copy of our contract and bylaws. The financial projection is based on a dues increase to \$20. The actual dues increase to be proposed has not yet been decided. We are also preparing projections based on a 1.25% and 1.5% formula.

I hope this information is useful to you. Thank you very much for taking a personal interest in this matter.

Yours truly,

Ted Byrne  
Union Coordinator
