Attention: Ralph Robson

Dear Mr. Robson:

There is another building that our union would like you to inspect.

The Forestry Off-Campus programme is located at 2360 Health Sciences Mall. It is a wooden hut. The complaint received from one of our members is that there is something in the air that affects breathing. We have been advised that there is fibreglass insulation in this hut.

Please check out this building and provide us with a copy of your report.
Thank you.

Yours truly,

Carole Cameron
