Attention Mr. A. C. A. Berblinger

Dear Sir:

In reply to your letters of October 16th and 27th, I regret to say that I am not as yet in a position to advise you definitely as to the practical conclusions drawn from the Trade Agreement by the Canadian Customs authorities. I would suggest, therefore, that you communicate with the Commissioner of Customs at Ottawa direct, in order to obtain a solution to your specific problems.

If you prefer not to do so, you might communicate with your principals in Germany, requesting them to obtain the desired information from the Botschaftsrat Dr. Hemmen in the Foreign Office at Berlin.

Yours very truly,

(L.Kempff)
German Consulate General
