

Information to Picket Captains

- 1) Picket captains should report to strike headquarters before going to their picket location, and should also report to headquarters at the end of their shift.
- 2) All picket captains will be issued with armbands.
- 3) Be sure to bring a notepad to record the details of any incidents on the picket line (date, time, license number of vehicles involved, names, addresses, witnesses).
- 4) Keep in contact with your picket team to ensure that the picket location will be properly staffed. If the location is not properly staffed, send a picket to strike headquarters. A flying squad of pickets will be ready at headquarters to fill any gaps in the picket line.
- 5) If you have any problems with legal questions, such as an injunction, or any other difficulties, send one picket to strike headquarters.
- 6) Picket captains should remain on the picket line for the entire shift.
- 7) For emergencies, we shall try to have a car near the picket location at all times.

STRIKE HEADQUARTERS

Campus Lutheran Centre at the corner of Wesbrook and 10th Avenue.

Telephone: 224-5599.
